Single Subject Acceleration *SSA*

IS MY CHILD A GOOD CANDIDATE FOR SSA?

- ✔ Consider your child's social and emotional maturity. Your child will be taking classes with peers who may be older or they will be working on their own.
- ✔ Consider your child's organizational skills and ability to focus.
- ✔ Your child will be skipping an entire year's worth of content and background knowledge.
  - The AIG teacher and homeroom teachers are not responsible for covering any content your child skipped as a result of receiving SSA services.
- ✔ If your child qualifies for SSA in math or ELA in elementary or middle school, some courses take place online. During the school day, students participate in these courses. Though they are not self-paced, students work independently during their online lessons.
- ✔ In order to ensure your child receives the classes in the area where SSA is taking place, it may result in schedule adjustments where recess, lunch and/or specials may be with different grade levels or classes than what is assigned.
